WOULD ASK MORE PAY FOR TEACHERS

PRESIDENT RICHARDSON MENTIONS WHAT A BRAKEMAN GETS

SPEAKS AT ST. JOSEPH

Maryville School Man Tells Buchanan County Meeting of Unions That Are Being Formed

The relative low wages of teachers was the subject uppermost in the mind of President Ira Richardson of the State Teachers College in his talk yesterday to the Buchanan County teachers in their annual meeting in St. Joseph. Doctor Richardson also emphasized the unions of teachers that are being formed to affiliate with the American Federation of Labor.

"I wish you were paid as much as the brakeman of the train I rode down on this morning," he said, as reported by the St. Joseph News-Press, "or as much as the painters who are now working on this building; and that you were receiving this wage twelve months in the year. I can't understand why it is that so many people think brain workers don't have to live twelve months in the year!

"Do you know how much farm laborers are receiving? I was talking with a farmer coming down on the train this morning, and he said he paid one of his hands $55 and the other $45 a month, with board, of course—and possibly also with gasoline for their automobiles!

Gets $165 a Month for Braking.

"The brakeman I mentioned a moment ago is getting $165 a month for work that is not in any sense skilled labor. Any of you, with two or three days' training, could qualify for his place, while you have spent years qualifying for your work.

"Teachers in several communities, particularly in the cities, are forming organizations to be affiliated with the American Federation of Labor, and these probably will become more general. I'm not saying that they should or should not be encouraged. I certainly hope the time will never come when teachers will do as great hordes of laborers are doing all over this country—refuse to work unless they get more pay.

"If such an orgainzation is formed here I trust its chief purpose will be a fixed and definite minimum standard of preparation, considerably higher than the present standard. Then, when you have met these higher requirements, you'll be paid in proportion, I'm sure, and for an entire year."

Later in his address, Doctor Richardson asked:

"How many of you are getting less than $75 a month?"

About a dozen hands went up.

"And yet," he said, "you manage to live! You are certainly entitled to recognition as the most expert of financiers!" (Laughter).

Many Teachers Deserting.

The speaker mentioned the fact that many teachers are deserting the profession to take positions in the commercial world, where the pay is much better.

"The Maryville institution can't supply the demand for teachers," he said. "I was in one county recently where twenty schools will not open next term because of the lack of teachers. Have you ben able to meet the demand in this county, Mr. Roach?" he asked, addressing the Buchanan county superintendent.

"In all except two districts," was the answer.

Doctor Richardson closed his address by saying that the only adequate solution for the condition of industrial unrest now confronting the country is for the schools to "turn out a more intelligent product." "This," he said, "will be your contribution to the civilization of tomorrow."

War Tax Paid

FOUR BAD CHECKS, FINES AND COSTS COST FATHER $128.30

William Cook of near Guilford paid $128.30 last night to clear up the affairs of his son, Virgil Cook, who pleaded guilty before [illegible] Johnson, justice of the peace, [illegible] counts of passing bogus checks. The four checks totaled $30. The fine of $25 and costs on three counts, filed by the Corwin- Murrin Company of Maryville totaled $59. A fine of $25 and costs on the one filed by Prosecuting Attorney Charles F. McCaffrey on behalf of the Nodaway Valley bank totaled $39.15.

All the checks were drawn on the Bank of Guilford.

James E. Miller of King City was arrested last night charged with passing a bogus check of $3 on Noah Thompson, a Maryville barber, last spring. The information was filed last spring, too, but Miller succeeded in eluding the officer sof the law until now. He was released under bond of $200 to appear for trial at the September term of circuit court.

PARTICULARS OF ACCIDENT RECEIVED IN MARYVILLE

Particulars of the accident in which Mrs. Julia Bell of St. Louis was killed by a Wabash train at Sturgeon, Mo., Wednesday evening were received here today. Mrs. Bell was struck by an engine at the east end of the depot platform at that town and it is said that the body was thrown one hundred yards and terribly mangled. The head was crushed and portions of the brain scattered on the depot platform.

Mrs. Bell was 60 years old and had been visiting her brother, Williiam Ruenzi, at Sturgeon. Funeral services were held at Columbia, Mo., this afternoon. Mrs. Jesse F. Robertson, a sister, and Judge Robertson, attended the funeral.

FORMER RESIDENT BRINGS TALES OF IOWA FARM SALES

Much comment has been heard on the street, in the offices and at various public gatherings about the high prices that Nodaway county farms are bringing. In the many sales that have taken place recently the per-acre price has been high compared with what it was a year or two ago or what it is in many other states.

Lou Denny, formerly connected with the water works in Maryville, who has been traveling over a large section of Iowa and has been following the land sales in that section, reports that the people of that state are "land mad." One 160-acre farm, two miles from Shenandoah, recently sold for $666.66 an acre. Four farms a little farther west of Shenandoh sold for $500 an acre. A farm near Clarinda sold for $550 an acre.

Some have figured that land will go to $800 an acre in Iowa soon. One farmer near Clarinda recently sold his farm for a big figure and the next day offered the buyer $10,000 above his purchase price to return the old farm to him.

HE WORKS AS CITY SLEEPS MAYOR HELPS REPAIR PUMP

Mayor W. O. Garrett had a sleepy look in his eye this morning. While the town slept last night the mayor worked at the city water station. His efforts were directed to repairing the pump which quit functioning about 8 o'clock last night.

Much the same trouble that occurred a few days ago was met last night. A nut on the valve at the water end of the pump slipped off and had to be replaced. At 6 o'clock this morning the repairs were completed and the pump was in action.

Because of a large supply of water in the tower the water was on practically all the time the pump was out of commission. There is much uncertainty as to how long the pump will hold out, however.

Cecil Smith Back to Service.

Cecil Smith ,son of Fred Smith, county clerk, will leave tonight to join his company at Fort Leavenworth, Kans. Cecil is a member of the regular army and has been spending a thirty-day furlough here with his father and friends. He has six months to serve with his company before his enlistment time expires.

FINDS BOLSHEVIKI ROUGH AND READY

DON WOOLDRIDGE WRITES OF EXPERIENCES IN RUSSIA

IT'S DAYLIGHT AT 1 A. M.

Soap and Cigarettes Are Scarce—Print Your Own Money If You Have a Press

The Bolsehviki are all they have been cracked up to be, according to Don Wooldridge, who sees nothing good in them in a letter received recently by relatives in Hopkins. The writer, who was on a ship in Russian waters, is a brother of Miss Mary Wooldridge of Maryville and a grandson of Mrs. Hosea Torrance, with whom Miss Wooldridge makes her home. Soap and cigarettes are scarce, Don writes; nearly everybody with a printing press manufactures his own money, and it is daylight at 1 o'clock in the morning. The letter follows:

Reval, Russia, July 7, 1919.

Dear Folks: Well, I will write this letter and mail it when we get back to Holland or some country that has mail service.

We left Bordeaux June 19 and went up to Rotterdam and coaled ship. We left Rotterdam on the 24th for Danzig. We were in a bad storm all the way from Rotterdam to the Kiel canal. We went up along the coast this time. This is a new course through the mine fields. It cuts off 100 miles between Rotterdam and the canal. We had mooth water from the canal to Danzig.

Harbor at Danzig Crowded.

We got into Danzig on the 27th. The harbor was filled with American shipping board ships. They did not have any place to unload, so on the 28th we received orders to go up to Libau, Russia. We left early the next morning and got into Libau that evening. We got liberty in Danzig this time without jumping the ship.

These people are certainly crazy after soap and cigarettes. They will pay big prices for them. I guess things are getting pretty well settled in Germany now. I don't believe they will have much more trouble there. There is one American destroyer staying around Danzig and one around Libau. There are also seven or eight British destroyers in Libau.

There has been a great deal of trouble in Libau and I guess they are looking for a good deal more. There's a big army of Bolsheviks and German prisoners outside of Libau and they are expected to try and take the town before long. I see a good deal in the United States papers about the Bolsheviks and what they are doing in the States.

I have just seen some pictures of people who have been killed by the Bolsheviks. They were not satisfied with klliing them, but they mutilated the bodies. I can't describe how bad the pictures were, but when anybody tries to preach Bolshevism to me I will just ask them if they have seen it working. The people in Libau are scared to death. They have nothing to eat or nothing to wear, and their money is no good.

As For Money, Make Your Own.

Anybody with a printing press can make their own money, and from the different kinds I have seen I guess "everybody's doing it." We laid in Libau until the afternoon of July 2nd, when we received orders to go to Reval, Russia. We came in here about 6 o'clock, July 3, and on the afternoon of the 4th we tied up to dock. We get all night off here.

This place is in old Russia, but when the revolution broke out they formed a republic. It is caled Esthonia. They are having a pretty hard time of it, but I guess they will pull through. The English are helping them out a good deal. They have several destroyers here. The Esthonians have several destroyers that they took from the Russian navy.

Bolshevik Fleet Hides.

The Bolsehvik fleet is in Petrograd behind the mine fields. They have not got as new ships as these destroyers are. These destroyers go up there and they have already sunk several Bolshevik ships. Their guns are so long range that they can keep out of the other ships' range and yet sink them.

The English are laying a lot of mines here and I guess that when the Bolsheviks are driven out of Petrograd and they try to come down the Gulf of Finland they will be out of luck. That is just what the English are waiting for.

I was talking to a young officer in the Esthonian army and I asked him if the country would not be better off under the czar. He said, "no." He said that right now conditions were worse tha nunder the czar, but that before long everything would begin to run smooth. I sure hope he is right

Gets a Promotion.

Well, I got a first class rate the first of this month. It pays me $60 a month. They rated me first class aviation motor mechanician. I don't know whether it will go through at London or not, but if it don't I will change it to first class general motor mechanician. It pays just the same only the general rating is for steam engines instead of gas engines.

The weather is fine up here. Nice and cool. It does not get dark until 10 o'clock and it is daylight at 1 a. m. It never gets very dark during the three hours.

Well, I think we will be starting home before long. I will be glad of it. It don't matter so much, though, for the summer is about gone. I have not received any mail from you for some time, but I guess I will get some in Rotterdam this time. I will close and will write again when I get to Rotterdam. Write soon.

"HAPPY" DON WOOLDRIDGE.

800 REPORTED MASSACRED BY BOLSHEVIKI; ACT OF REVENGE

Geneva, Aug. 29. — Eight hundred persons, including women and children, were massacred by Russian Bolsheviki in revenge for the loss of Krasnaia and Goerki to the White Guard troops, according to a Helsingfors dispatch to a journal here today.

GERMANS EVACUATE DANZIG; SACK CITY AS THEY LEAVE

Geneva, Aug. 29. — The Germans, who are evacuating Danzig, are sacking the city and transporting materials of all kinds to Berlin ,according to the journals of Petrograd. A correspondent declares that the Germans are terrorizing the population in the territories where the plebiscites are to be held shortly and threatening reprisals unless the people vote in favor of the Germans.

METHODISTS TO ELECT LAY DELEGATES TO CONFERENCE

Sunday morning at the regular hour at the First Methodist church the lay delegate from the local church will be elected to the lay electoral conference to be held heer Sept. 17-21 in connection with the Misosuri district conference. The pastor, Rev. Gilbert S. Cox, has announced the following sermon subjects for Sunday morning and evening: "What Is the Matter With Modern Methodism?" and "The Church and Industrial Democ-members of labor unions to attend the Day sermon, and an invitation is extended to all employers, employes and member sof labor unions to attend the service.

HEY, FELLERS! SET THE ALARM; YOU CARRY WATER TOMORROW

The younger boys around Maryville will be setting the old alarm clock for an early hour tomorrow morning, earlier than they will be caring to get up next week, when school begins. For tomorrow the circus comes to town, and what genuine youngster will miss seeing the unloading, rare as circuses are in Maryville? It will be the last event of interest before school starts, too, which should give it an added interest.

To the older folks, of course, the circus doesn't mean so much, but they will be out in large numbers later in the morning all the same, when the parade comes downtown.

The Yankee Robinson show, which will give two performances here tomorrow, will arrive from Chillicothe, Mo., where two exhibitions were given today. The big tent will be put in the old Holt pasture, north of the Wabash station.

Manila Visitor Expected.

Miss Gwyneth Wrentmore of Manila, P. I., will arrive either today or tomorrow to spend a few days with her aunt, Mrs. A. B. Allen, and her cousins, Mr. and Mrs. M. L. Beattie. Miss Wrentmore is enroute to Aurora, N. Y., where she will enter Wells College.

TOUR TO INCLUDE MISSOURI CITIES

PRESIDENT'S ITINERARY TAKES IN ST. LOUIS AND KANSAS CITY

SENATORS TRAVEL ALSO

Johnson of California Will Head the Group in a Counter-Offensive Against League of Nations

Washington, Aug. 29.—Theitinerary of President Wilson's speaking tour was made public at the White House today. It calls for his departure from Washington next Wednesday. The first speech will be made at Columbus, O., on the forenoon of September 4, at St. Louis September 5, at Kansas City on the morning of September 6, at Des Moines September 6 and 7, and at Omaha September 8.

Senate to Have a Tour, Too.

Washington, Aug. 29.—While President Wilson is on his speech-making tour, the Republican senators opposed to the ratification of the German treaty and entry of the United States into the League of Nations plan to deliver a series of addresses in various parts of the country. Senator Johnson of California will be the chief spokesman for the president's senatorial opponents. The plans are to make a drive straight through to the Pacific coast.

Resolutions to Prevent Tour.

Washington, Aug. 29.—A resoultion seeking to dissuade President Wilson from making his proposed speaking tour was introduced in the House this afternoon by Representative Tedenberg of Illinois.

Would Reject Whole Treaty.

Washington, Aug. 29.—The complete rejection of the Versailles treaty was urged by Senator Knox, a member of the Senate foreign relations committee, in the Senate this afternoon.

Asks for Plain Attitude.

Washington, Aug. 29.—A clear definition of the attitude of the United States with reference to the Russian, Japanese and Silesian questions was sought today from Secretaries Lansing and Baker by the foreign relations committee of the House.

Defends Policies of Japan.

London, Aug. 29.—Japan's emigration policy and attitude toward China was defended here today by Ichizo Hottori, chairman of the Japanese delegation to Brussels for the International Parliamentary Conference. He is sure that it is Japan's sincere desire to estabilsh mose amicable relations on a mutual understanding with China.

JANITOR PROBLEM PUZZLES SCHOOL BOARD MEMBERS

As the opening of school draws nearer and nearer in Maryville, the school board finds that it has filled the local teaching positions all right, only to turn around and discover that the janitor situation isn't all that it might be. Of course, the teachers won't have to sweep out themselves or anything like that, according to George Pat Wright, secretary of the board, but with only two days to go before the opening of school there is no engineer chosen at the Washington school building, which houses the high school as well as many of the grades, and the janitors at the ward schools aren't contracted for, although it is understood that the men who held those positions last year will be back on the job.

The skilled position, that of engineer at the Washington School, won't have to be filled for a few weeks, or until the cold weather sets in. Frank Hooper, who did the work last year at a sliding scale of wages varying from $65 in the light months to $80 in the months when work was heavy, hasn't signed up, and probably won't, at the proffered wage of $75 a month flat for twelve months. This is an increase of around $6 or $7 a month, according to Dr. Jesse Miller, a member of the board.

J. E. James today was employed to act as assistant janitor for nine months, but has not signed a contract.

A third man, employed irregularly, fires the furnace at night in cold weather.

As for the ward schools, William H. Frazee is expected to be back at his work at the Jefferson; C. E. Woods, at the Franklin; and H. A. Byers, at the Garfield. The Jefferson position pays $45 a month, $5 a month more than the others, because there are two furnaces there and three rooms in use, one more than at the other schools.

INDEPENDENCE TOWNSHIP ASKS FOR USE OF COUNTY TRUCKS

The board of trustees of Independence township asked permission of the county court early this afternoon to use one of the recently acquired army trucks in hauling building material and sand for some bridge construction work. The county court granted their request. It is expected that immediate use wil be made of the truck. The trucks are now in the Diss & Irby garage. Considerabel difficulty has arisen in the matter of finding experienced drivers, although the applicants for the position have been numerous.

John Rosy Dead.

John Rosy, 93 years old, an inmate of the county farm for a number of years, died this morning at 9:30 o'clock from infirmities due to old age. Burial was at 2 o'clock this afternoon in the farm cemetery. There are no surviving relatives in Maryville or Nodaway county.

No Licenses Since August 1.

County Recorder Dan R. Baker is at a loss to account for rthe slump in farriage licenses. The last one was issued August 19, and since then there hasn't been an application. Only one more day is left to do it in August, as the court house is closed on Sunday.

Former Resident Dead.

David Knox, 75 years old, and for many years a resident of this section of the country, died a few days ago at his home in St. Joseph. His sister, Mrs. William Rains, lives five miles west of Burlington Junction. Mr. Knox is survived by his wife and five children, Bud Knox of Maryville, A. W. Knox of Nebraska, Pearl E. Knox of Colorado, Mrs. Daisy Garden of Colorado and Edward Knox of St. Joseph. Funeral services were conducted by the G. A. R., of which he was a member, and burial was made in St. Joseph.—Burlington Junction Pst.

To Start Officers as Privates.

Washington, Aug. 29.—Representative Strong of Kansas has introduced a bill in congress providing that before any person can become an officer in the United States army he must serve a year as an enlisted man with pay and equipment of rank he attains.

PRESIDENT TALKS TO LABOR LEADER

WILSON AND GOMPERS IN IMPORTANT CONFERENCE TODAY

STRIKERS GO TO WORK

California Situation Rapidly Clears Itself as Orders of Brotherhood Chiefs Are Obeyed

Washington, Aug. 29.—One of the most important conferences since the labor situation became acute takes place this afternoon between President Wilson and Gompers, presient of the American Federation of Labor, when they will discuss the general labor situation. It is expected that the entire labor crisis so far as it affects the country, will be discussed.

Director General Hines served notice last night on "public officers, railroad officers and employees, and citizens generally in California, Arizonia, and Nevada" that the railroad administration would undertake to restore full railroad service in those states on and after 7 o'clock next Saturday mornlabor crisis so fa ras it affects the do not return to work by that time, will find their places filled.

Part of Traffic Normal Again.

San Francisco, Aug. 29.—The yardmen of the railroads here returned to work in entirety today. The traffic was normal over both the San Francisco and the Oakland Mole Terminus and the Overland and northern trains.

All Quiet There by Tonight.

Los Angeles, Cal., Aug. 29.—Practically all the engineers and a big majority of the firement and conductors have accepted their orders and will return to work late today. Trains will be operating in Southern California, Nevada and Arizonia by night unless the big radical element among the brakemen and switchmen regain control of their men, according to the railroad brotherhood chiefs today.

Mystery in Chicago Poisoning.

Chicago, Aug. 29.—Several industrial workers who were active during recent attacks on a number of lunch-rooms were questioned by the police who are investigating the poisoning of thirty persons by putting arsenic in coffee urns at local restaurantsc. Enough arsenic was found in the coffee urns to kill scores of people, health officials declare.

Hog Market Drops Considerably.

Ham and bacon will be down within reach of the humblest pocketbook before long if the market on hogs continues to crumble as it has in the last few days. In Chicago they are expecting it to hit $15 a hundred in a da yor two; at St. Joseph yesterday the market broke, and the range was from $16.50 to $19.00 a hundred. The top reecntly was $23.40. At Kansas City today the top of the market was $19.50, with the bulk of the sales ranging from $17.50 to $19.

Prof. and Mrs. F. H. Metzler will be at home after Sept. 1 at the Lee Crossan residence on Normal avenue, where they have leased a suite of rooms.

The band concert last night was enjoyed by a large gathering of people, including many from the country. "Till We Meet Again," a bell solo by Ernest Kessler, which was repeated last night, proved to be as popular as when it was first heard a week ago. The band concerts will continue to be held on the regular night as long as the weather permits. A. P. Gsell, director of the band, says that some real surprises for music lovers is in store for the people of Maryville this winter.

Mr. and Mrs. Guy Henry and little son, LeRoy, went to Ridgeway yesterday to visit Mrs. Henry's parents, Mr. and Mrs. G. W. Crosby.

New Building for B. J.

Burlington Junction is to have a new business house. E. O. Browning has let a contract to Q. M. James for a modern structure on his lots at the corner of Main and Davis streets. The specifications call for a building 25 feet wide by 64 feet long. It will be a two-story affair and will have a basement, to be used for a heating plant and storage room. The first floor will house a cream station, which is to be run by the owner of the new building, and the Collins Oil Company. The oil company will use a space 25 by 16 feet for the construction of a modern filling and service station. The second story will be fixed up into modern living apartments for the owner and his family.

Miss Ora Barmann went to St. Joseph yesterday to visit Miss Mary Margaret McDonald.

GOMETS WILL MEET VITALA BOOSTERS HERE NEXT SUNDAY

St. Joseph Team Brings Former League Players—Stephens May Catch for the Locals

What may be the last game of the local baseball season, if the proper support fails to show up, will be played Sunday at the fairgrounds park between the Maryville Comets and the Vitala Boosters of St. Joseph. Manager Homer Black of the local team announced this morning that the game wil begin at 3 o'clock sharp, instead of at 3:30, the old starting time.

The Maryville line-up will remain practically unchanged. "Red" Stephens, who played here a while last year and ha ssince been a lieutenant in the American army overseas, probably will catch this game, as he is visiting here. Manager Black probably will divide the pitching burden with Bleuel, if a new pitcher is not obtainable.

The St. Joseph team, which has made a good record this season, is composed of players who have distinguished themselves on other teams. Most of them are graduates of other St. Joseph teams. The pitching staff is composed of Saddler, formerly of the Burlington league team, and Reynolds, who once played with Topeka of the Western league. Terry, third baseman, once held a place with the championship team of the Southern league, while Boline, center fielder, comes from the Nebraska State League.

Ed Keck of Maryville, well known as an umpire in local games, will call the balls and strikes as well as the base decisions Sunday.

MARYVILLE NAMES POPULAR IN ST. JOSEPH SCHOOL LIST

Seventeen Teachers From Here Mentioned in Assignments Made To Buildings

Former residents of Maryville and former Maryville teachers are popular in the St. Joseph schools, according to the list issued yesterday announcing the assignments to schools in that city. Seventeen familiar names are noted. The teachers and their schools in St. Joseph are as follows:

Benton High School—Fred E. Vandersloot.

Central High School—Miss Elizabeth Bentley, Miss Zila Robbins, Miss Calla E. Varner.

Lafayette High School — Robert L. Denning, principal; Miss Nellie C. Tobin.

Elementary Schools—

Benton—Miss Elizabeth Cook.

Floyd—Miss Margaret Stafford.

Garfield—Miss Eva Montgomery.

Lafayette—Miss Ella G. Hazelrigg.

Longfellow—Miss Edna Bonewitz.

Maxwell—Miss Della Nash, teacher in charge.

Musser — Miss Mamie Kane, Miss Vera Tilson.

Owen—Miss Bettie Bolen, supervising principal.

Sherwood—Miss Mayme Dooley.

YOU NEED NOT SUFFER FROM CATARRH

But You Must Drive It Out of Your Blood.

Catarrh is annoying enough when it chokes up your nostrils and air passages, causing difficult breathing and other discomforts. Real danger comes when it reaches down into your lungs.

This is why you should at once realize the importance of the proper treatment, and lose no time experimenting with worthless remedies which touch only the surface. To be rid of Catarrh, you must drive the disease germs out of your blood.

Splendid results have been reported from the use of S. S. S., which acts on the catarrh germs in the blood.

If you wish medical advice as to the treatment of your own individual case, write to Chief Medical Adviser, 42 Swift Specific Co., Atlanta, Ga.

STATE BANKING DEPARTMENT

C. F. ENRIGHT, Commissioner

I. C. UPTEGROVE, Deputy Commissioner

CITY OF JEFFERSON

August 18th, 1919.

Mr. Geo. B. Baker, President,
Real Estate Bank,
Maryville, Missouri.

Dear Sir:-

State Bank Examiner, James T. Duncan, has filed his report in this office, showing condition of your bank at the close of business August 12th, 1919.

A high standard of banking is evidenced by the report. The bank continues to enjoy a large and merited measure of success. Your notes are not questioned as to value, maturing paper has close attention and your books are properly kept, frequently verified and in balance. I also commend you for your steadfastness of purpose to keep over-drafts off your books.

The report as a whole reflects much credit on officers and directors.

Yours very truly,

C. F. Enright
Bank Commissioner.

A. C. Malone of Bonne Terre, Mo., motored here last evening to join his wife, who has been spending the summer with her parents, Mr. and Mrs. Norman Chamberlin. Mr. and Mrs. Malone will leave tomorrow afternoon on a motor trip to Oklahoma, after which they will return to Bonne Terre.

Guy Airys Coming.

Mr. and Mrs. Guy Airy and daughter, Virginia, of Siloam Springs, Ark., are expected here today or tomorrow for a visit with Mr. Airy's parents, Mr. and Mrs. John Airy, and his brother, Emery Airy, and wife. They are making the trip in their car.

Dr. J. W. Lininger returned to Maryville last night from Davenport, Ia., where he attended a chipractic convention.

Work on the interior decoration of the Maryville postoffice has been completed and patrons who enter now find themselves in a lobby of white and—well, it may be tan or gold or yellow. Take your pick when you go.

The Copper Clad Range

If you need a new range it will pay you to get as good a one as you can buy, because it will outlast a cheap stove several times over, besides giving you satisfaction as long as you use it.

The Copper-Clad Range is one of the world's best stoves. It has been made for years and has been thoroughly tested by users all over the country. Plenty of people in your neighborhood use a Copper-Clad, and we will be glad to have you ask them what they think of it.

The Copper-Clad is just what the name says—it is line throughout with pure sheet copper between the outside iron of the stove and the asbestos inner lining, so there is absolutely no chance for moisture to collect inside the iron and rust it.

The Copper-Clad is a plain, beautiful stove, with straight "stream lines" and no "flub-dubs" to collect dirt and dust. It wipes clean like a dish, and only requires ordinary care to make it always look well.

It is economical of fuel and will burn anything. In fact, it is made right—made to do the work a good cooking range should do, and you will get your money's worth if you buy one.

Social, Clubs Churches

For Illinois Visitors.

Mr. and Mrs. Emery Airy entertained at 6 o'clock dinner Wednesday evening in honor of Mr. and Mrs. Blake Alexander and children, Maude Phinney and George, of Bushnell, Ill., who are guests of Mr. and Mrs. Rodney Hamblin.

Weew-End House Party.

Miss Blanche Alexander is entertaining with a week-end house party at her home northwest of Maryville. Her guests are Miss Mary Condon, Miss Helen Dean, Miss Lucile Wright, Miss Abbie Belle Colden, Miss Thelma Hunt and Miss Elizabeth Leet.

Surprise Mrs. Green.

Mrs. Frank Green, who will leave soon for her new home in Hannibal, Mo., was the honor guest this afternoon at an enjoyable surprise party tendered here by members of the quilting committee of the Ladies Aid Society of the Christian church. The affair was in recognition of Mrs. Green's untiring work as a member of the society and a gift was presented to her.

Entertains at Bridge.

Mrs. Thomas L. Wadley entertained with informal bridge parties yesterday afternoon and this afternoon at her home on South Buchanan street. Mrs. William Symons received the favor for high score yesterday. Garden flowers were used throughout the rooms and bouquets of pink and white cosmos centered the tables. A guest this afternoon was Miss Frances Smith, who will leave Monday for San Antonio, Texas, to make her future home.

Mrs. Fred DeMoss and children Frederick and Elizabeth, returned last night from a week's visit in Guilford with Mrs. DeMoss' mother, Mrs. Mary Whiteford, who is in very poor health.

Miss Mary Lewis and Miss Mary Wallace will leave tomorrow morning for El Reno, Okla., where they will begin their second year as teachers in the public schools.

Mr. and Mrs. Guy D. Aley and son, Don Doyle, returned yesterday morning from Des Moines where they had been since Sunday attending the fair. The Des Moines papers estimated the crowd Tuesday at 75,000, and the last of the week the crowds will be larger.

MRS. DOOLEY'S ADVICE TO WORKING GIRLS

Milwaukee, Wis.—"I wish all girls who work and suffer from functional disorders would profit by my advice and take Lydia E. Pinkham's Vegetable Compound. Before I was married, when I came home from work at night, I would be just worn out with pains which dragged me down. I took Lydia E. Pinkham's Vegetable Compound and it made me feel like a new woman. I can work from morning until night and it does not bother me, and I wish all girls who suffer as I did would try Lydia E. Pinkham's Vegetable Compound."—Mrs. H. DOOLEY, 1135 25th Street, Milwaukee, Wis.

Working girls everywhere should profit by Mrs. Dooley's experience, and instead of dragging along from day to day with life a burden, give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound a trial. It has overcome just such conditions for thousands of others, and why not for you? For special advice, write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of their 40 years experience is at your service.

THE COLLEGE PARK SCHOOL

announces the opening of its 1919-20 session for Tuesday, September 9, 1919. This school is the demonstration school of the State Teachers College and consists of a kindergarten and the eight grades of the elementary school.

The upper grades are organized on the departmental plan and the seventh and eighth grades exemplify many features of the junior high school.

There is no fee. Text-books and supplies are furnished free. Thansportation from homes accessible to paved streets is to be provided for the kidergarten and first and second grades.

Essential features:—Medical inspection, rest room in case of sickness, supervised play grounds and lunch room gymnasium work, Manual Training and Home Economics for boys and girls, experienced teachers, careful supervision, special library, individual instruction, and many others.

Application for enrollment may be telephoned to the office of the State Teachers College, phone number, 143. A limit is placed upon the number in each grade or class.

Beginnig with this year the school is essentially a part of the city system, as by agreement with the City Board of Education and the city superintendent, its enrollment and attendance will be reported monthly as any of the other ward schools of the city.

For further information see Pres. Ira Richardson of the State Teachers College.

Clothes That Are Different

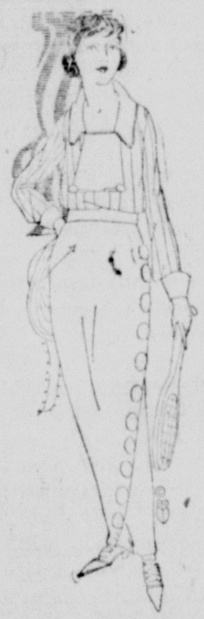
Is the only way we can describe the new arrivals in our ready-to-wear department. In buying the new fall and winter coats, suits and dresses we have been very careful to include a selection in a price range to please all of our customers, but more especially to include the prettiest styles and patterns and best fabrics.

COATS

Are beautiful styles, in long cloth and plush coats and short coats fur trimmed. We already have a good many of the line here and we want you to see them before deciding on a coat.

SUITS

Are finely tailored of the most desirable wool materials and with the little touches of art in design and trimming that make them attractive and different.



DRESSES

For fall are especially pretty and are good values, being well made of silks, tricotines, tricolettes and combination materials in exclusive styles and at prices that seem extremely reasonable for such dresses.

In fact, the showing is so nice that we cannot refrain from braging just a little about it, and we want everyone to see what we now have in stock and also the latter arrivals when they come. Our prices are generally below those of the large city stores on the same, identical garments, and for several reasons it will pay you to look at new fall and winter ready-to-wear at this store.

FURS

Today we are opening up and marking our new fall showing of furs. The line includes all the newest modes in scarfs, muffs and coatee styles Furs have almost doubled in price since we purchased our stock, but ours will be sold on the basis of the early price, giving our customers the benefit of our usual good values in this line.

Fur styles this season are adapted to wear with the new serge dresses making a most modish and desirable combination for early fall wear.

D. R. Eversole & Son

Braniger Family Back Home.

Mr. and Mrs. R. S. Braniger returned last night from a visit at Cambridge, O., and many other points near that place. Mr. Braniger was away three weeks, while Mrs. Braniger has been gone two months. Mr. Braniger says the crops are looking fine back in that section of the country and they had the best corn he has ever seen. Their son, Dr. E. C. Braniger, returned Wednesday night from a few weeks trip to points in Wyoming.

Leffler Funeral Tomorrow.

Funeral services for James Leffler, who died yesterday morning at the home of his daughter, Mrs. Elihu Shell, northwest of Maryville, will be held at 11 o'clock Saturday morning at the Christian church in Wilcox. Rev. S. D. Harlan of Graham will be in charge of the services. Burial will be in the Wilcox cemetery. All of the out-of-town children are here for the funeral.

Protect your Barn with Cooks Prairie red Barn Paint. Gaugh & Evans. tf

To Preach at White Cloud.

Rev. W. C. Ferguson, pastor of the Maryville Baptist church, will preach at the White Cloud Baptist church at 3 o'clock Sunday afternoon.

Miss Eleanor Smith returned this noon from Oklahoma City, Okla., where she spent two weeks with her sister, Mrs. C. Edward Sturm, and Miss Bernice Rice.

Phipps Family Moves Here.

Mrs. Leo M. Phipps and sons of Grant City are moving to Maryville, where they expect to live until the boys have completed a course in the State Teachers College. Her husband, Leo M. Phipps, who died a few months ago, was a member of the board of regents of the College.

Mrs. Hosick Holmes and children, Max and Hosick, Jr., who have been visiting relatives here for several weeks, will leave tomorrow evening for Omaha, Nebr., to join Mr. Holmes, who has located there. They will be accompanied to Omaha by Mr. Holmes' mother, Mrs. O. L. Holmes, who will be their guest for a few days.

Miss Dora Carpenter left yesterday morning for Watertown, S. Dak., to resume her work as supervisor of foods and sewing in the high school.

Stop and Think

For one moment why you stay in the East, and pay big interest or high rent when you can go west and soon own a farm of you own.

The West offers greater opportunities to any man than the East and especially to the poor man or man of reasonable means. I started in this land business last fall and have made a success of it by doing an honest business and by selling on reasonable commissions. My business has grown until I have had to have a partner, so Mr. Newt Morgan of Parnell, Mo., is going in with me. I have sold three thousand six hundred acres of land; have just closed a deal on one thousand and fifty acres at forty-five thousand dollors.

This has been the dryest year ever known to the oldest settlers and yet it is wonderful to see what crops we have raised. Most of the corn will make 20 to 30 bushels to the acre. We have had plenty of rain since the third of July and all late crops will be good. I am located at Carpenter, Wyo., in the southeastern corner of the State and have lots of land listed with me for sale now. I have farms of all sizes from one hundred acre farms to five thousand acre ranches and I know I can save any man money that wants to buy a farm or ranch. So don't fail to see me before buying. I have sold eleven thousand six hundred dollars worth of hogs since last October. I fattened them from the corn that I raised last year on one hundred and thrity-five acres. My last car load of sixty-two head brought four thousand and two dollars. I now have nine hundred and sixty acres of land. When I left Maryville, Mo., three years ago last October I was not worth five hundred dollars, today I am worth at least twelve thousand dollars. Now judge for yourself whether this is a good country to make money in or not.

For further information write us at Carpenter, Wyo.

WOULD ASK MORE PAY FOR TEACHERS

PRESIDENT RICHARDSON MENTIONS WHAT A BRAKEMAN GETS

SPEAKS AT ST. JOSEPH

Maryville School Man Tells Buchanan County Meeting of Unions That Are Being Formed

The relative low wages of teachers was the subject uppermost in the mind of President Ira Richardson of the State Teachers College in his talk yesterday to the Buchanan County teachers in their annual meeting in St. Joseph. Doctor Richardson also emphasized the unions of teachers that are being formed to affiliate with the American Federation of Labor.

"I wish you were paid as much as the brakeman of the train I rode down on this morning," he said, as reported by the St. Joseph News-Press, "or as much as the painters who are now working on this building; and that you were receiving this wage twelve months in the year. I can't understand why it is that so many people think brain workers don't have to live twelve months in the year!

"Do you know how much farm laborers are receiving? I was talking with a farmer coming down on the train this morning, and he said he paid one of his hands $55 and the other $45 a month, with board, of course—and possibly also with gasoline for their automobiles!

Gets $165 a Month for Braking.

"The brakeman I mentioned a moment ago is getting $165 a month for work that is not in any sense skilled labor. Any of you, with two or three days' training, could qualify for his place, while you have spent years qualifying for your work.

"Teachers in several communities, particularly in the cities, are forming organizations to be affiliated with the American Federation of Labor, and these probably will become more general. I'm not saying that they should or should not be encouraged. I certainly hope the time will never come when teachers will do as great hordes of laborers are doing all over this country—refuse to work unless they get more pay.

"If such an orgainzation is formed here I trust its chief purpose will be a fixed and definite minimum standard of preparation, considerably higher than the present standard. Then, when you have met these higher requirements, you'll be paid in proportion, I'm sure, and for an entire year."

Later in his address, Doctor Richardson asked:

"How many of you are getting less than $75 a month?"

About a dozen hands went up.

"And yet," he said, "you manage to live! You are certainly entitled to recognition as the most expert of financiers!" (Laughter).

Many Teachers Deserting.

The speaker mentioned the fact that many teachers are deserting the profession to take positions in the commercial world, where the pay is much better.

"The Maryville institution can't supply the demand for teachers," he said. "I was in one county recently where twenty schools will not open next term because of the lack of teachers. Have you ben able to meet the demand in this county, Mr. Roach?" he asked, addressing the Buchanan county superintendent.

"In all except two districts," was the answer.

Doctor Richardson closed his address by saying that the only adequate solution for the condition of industrial unrest now confronting the country is for the schools to "turn out a more intelligent product." "This," he said, "will be your contribution to the civilization of tomorrow."

War Tax Paid

FOUR BAD CHECKS, FINES AND COSTS COST FATHER $128.30

William Cook of near Guilford paid $128.30 last night to clear up the affairs of his son, Virgil Cook, who pleaded guilty before [illegible] Johnson, justice of the peace, [illegible] counts of passing bogus checks. The four checks totaled $30. [illegible] $35 and costs on three counts filed by the Corwin- Murrin Clothing pany of Maryville totaled $59. fine of $25 and costs on the one filed by Prosecuting Attorney Charles F. McCaffrey on behalf of the Nodaway Valley bank totaled $39.15.

All the checks were drawn on the Bank of Guilford.

James E. Miller of King City was arrested last night charged with passing a bogus check of $3 on Noah Thompson, a Maryville barber, last spring. The information was filed last spring, too, but Miller succeeded in eluding the officer sof the law until now. He was released under bond of $200 to appear for trial at the September term of circuit court.

PARTICULARS OF ACCIDENT RECEIVED IN MARYVILLE

Particulars of the accident in which Mrs. Julia Bell of St. Louis was killed by a Wabash train at Sturgeon, Mo., Wednesday evening were received here today. Mrs. Bell was struck by an engine at the east end of the depot platform at that town and it is said that the body was thrown one hundred yards and terribly mangled. The head was crushed and portions of the brain scattered on the depot platform.

Mrs. Bell was 60 years old and had been visiting her brother, Williiam Ruenzi, at Sturgeon. Funeral services were held at Columbia, Mo., this afternoon. Mrs. Jesse F. Robertson, a sister, and Judge Robertson, attended the funeral.

FORMER RESIDENT BRINGS TALES OF IOWA FARM SALES

Much comment has been heard on the street, in the offices and at various public gatherings about the high prices that Nodaway county farms are bringing. In the many sales that have taken place recently the per-acre price has been high compared with what it was a year or two ago or what it is in many other states.

Lou Denny, formerly connected with the water works in Maryville, who has been traveling over a large section of Iowa and has been following the land sales in that section, reports that the people of that state are "land mad." One 160-acre farm, two miles from Shenandoah, recently sold for $666.66 an acre. Four farms a little farther west of Shenandoh sold for $500 an acre. A farm near Clarinda sold for $550 an acre.

Some have figured that land will go to $800 an acre in Iowa soon. One farmer near Clarinda recently sold his farm for a big figure and the next day offered the buyer $10,000 above his purchase price to return the old farm to him.

HE WORKS AS CITY SLEEPS MAYOR HELPS REPAIR PUMP

Mayor W. O. Garrett had a sleepy look in his eye this morning. While the town slept last night the mayor worked at the city water station. His efforts were directed to repairing the pump which quit functioning about 8 o'clock last night .

Much the same trouble that occurred a few days ago was met last night. A nut on the valve at the water end of the pump slipped off and had to be replaced. At 6 o'clock this morning the repairs were completed and the pump was in action.

Because of a large supply of water in the tower the water was on practically all the time the pump was out of commission. There is much uncertainty as to how long the pump will hold out, however.

Cecil Smith Back to Service.

Cecil Smith ,son of Fred Smith, county clerk, will leave tonight to join his company at Fort Leavenworth, Kans. Cecil is a member of the regular army and has been spending a thirty-day furlough here with his father and friends. He has six months to serve with his company before his enlistment time expires.

FINDS BOLSHEVIKI ROUGH AND READY

DON WOOLDRIDGE WRITES OF EXPERIENCES IN RUSSIA

IT'S DAYLIGHT AT 1 A. M.

Tobacco and Cigarettes Are Scarce—Print Your Own Money If You Have a Press

The Bolsehviki are all they have been cracked up to be, according to Don Wooldridge, who sees nothing good in them in a letter received recently by relatives in Hopkins. The writer, who was on a ship in Russian waters, is a brother of Miss Mary Wooldridge of Maryville and a grandson of Mrs. Hosea Torrance, with whom Miss Wooldridge makes her home. Soap and cigarettes are scarce, Don writes; nearly everybody with a printing press manufactures his own money, and it is daylight at 1 o'clock in the morning. The letter follows:

Reval, Russia, July 7, 1919.

Dear Folks: Well, I will write this letter and mail it when we get back to Holland or some country that has mail service.

We left Bordeaux June 19 and went up to Rotterdam and coaled ship. We left Rotterdam on the 24th for Danzig. We were in a bad storm all the way from Rotterdam to the Kiel canal. We went up along the coast this time. This is a new course through the mine fields. It cuts off 100 miles between Rotterdam and the canal. We had mooth water from the canal to Danzig.

Harbor at Danzig Crowded.

We got into Danzig on the 27th. The harbor was filled with American shipping board ships. They did not have any place to unload, so on the 28th we received orders to go up to Libau, Russia. We left early the next morning and got into Libau that evening. We got liberty in Danzig this time without jumping the ship.

These people are certainly crazy after soap and cigarettes. They will pay big prices for them. I guess things are getting pretty well settled in Germany now. I don't believe they will have much more trouble there. There is one American destroyer staying around Danzig and one around Libau. There are also seven or eight British destroyers in Libau.

There has been a great deal of trouble in Libau and I guess they are looking for a good deal more. There's a big army of Bolsheviks and German prisoners outside of Libau and they are expected to try and take the town before long. I see a good deal in the United States papers about the Bolsheviks and what they are doing in the States.

I have just seen some pictures of people who have been killed by the Bolsheviks. They were not satisfied with killing them, but they mutilated the bodies. I can't describe how bad the pictures were, but when anybody tries to preach Bolshevism to me I will just ask them if they have seen it working. The people in Libau are scared to death. They have nothing to eat or nothing to wear, and their money is no good.

As For Money, Make Your Own.

Anybody with a printing press can make their own money, and from the different kinds I have seen I guess "everybody's doing it." We laid in Libau until the afternoon of July 2nd, when we received orders to go to Reval, Russia. We came in here about 6 o'clock, July 3, and on the afternoon of the 4th we tied up to dock. We get all night off here.

This place is in old Russia, but when the revolution broke out they formed a republic. It is caled Esthonia. They are having a pretty hard time of it, but I guess they will pull through. The English are helping them out a good deal. They have several destroyers here. The Esthonians have several destroyers that they took from the Russian navy.

Bolshevik Fleet Hides.

The Bolsehvik fleet is in Petrograd behind the mine fields. They have not got as new ships as these destroyers are. These destroyers go up there and they have already sunk several Bolshevik ships. Their guns are so long range that they can keep out of the other ships' range and yet sink them.

The English are laying a lot of mines here and I guess that when the Bolsheviks are driven out of Petrograd and they try to come down the Gulf of Finland they will be out of luck. That is just what the English are waiting for.

I was talking to a young officer in the Esthonian army and I asked him if the country would not be better off under the czar. He said, "no." He said that right now conditions were worse tha nunder the czar, but that before long everything would begin to run smooth. I sure hope he is right.

Gets a Promotion.

Well, I got a first class rate the first of this month. It pays me $60 a month. They rated me first class aviation motor mechanician. I don't know whether it will go through at London or not, but if it don't I will change it to first class general motor mechanician. It pays just the same only the general rating is for steam engines instead of gas engines.

The weather is fine up here. Nice and cool. It does not get dark until 10 o'clock and it is daylight at 1 a. m. It never gets very dark during the three hours.

Well, I think we will be starting home before long. I will be glad of it. It don't matter so much, though, for the summer is about gone. I have not received any mail from you for some time, but I guess I will get some in Rotterdam this time. I will close and will write again when I get to Rotterdam. Write soon.

"HAPPY" DON WOOLDRIDGE.

Rotterdam, Holland.

—Hopkins Journal

800 REPORTED MASSACRED BY BOLSHEVIKI; ACT OF REVENGE

Geneva, Aug. 29. — Eight hundred persons, including women and children, were massacred by Russian Bolsheviki in revenge for the loss of Krasnaia and Goerki to the White Guard troops, according to a Helsingfors dispatch to a journal here today.

GERMANS EVACUATE DANZIG; SACK CITY AS THEY LEAVE

Geneva, Aug. 29. — The Germans, who are evacuating Danzig, are sacking the city and transporting materials of all kinds to Berlin ,according to the journals of Petrograd. A correspondent declares that the Germans are terrorizing the population in the territories where the plebiscites are to be held shortly and threatening reprisals unless the people vote in favor of the Germans.

METHODISTS TO ELECT LAY DELEGATES TO CONFERENCE

Sunday morning at the regular hour at the First Methodist church the lay delegate from the local church will be elected to the lay electoral conference to be held heer Sept. 17-21 in connection with the Misosuri district conference. The pastor, Rev. Gilbert S. Cox, has announced the following sermon subjects for Sunday morning and evening: "What Is the Matter With Modern Methodism?" and "The Church and Industrial Democ- members of labor unions to attend the Day sermon, and an invitation is extended to all employers, employes and member sof labor unions to attend the service.

HEY, FELLERS! SET THE ALARM; YOU CARRY WATER TOMORROW

The younger boys around Maryville will be setting the old alarm clock for an early hour tomorrow morning, earlier than they will be caring to get up next week, when school begins. For tomorrow the circus comes to town, and what genuine youngster will miss seeing the unloading, rare as circuses are in Maryville? It will be the last event of interest before school starts, too, which should give it an added interest.

To the older folks, of course, the circus doesn't mean so much, but they will be out in large numbers later in the morning all the same, when the parade comes downtown.

The Yankee Robinson show, which will give two performances here tomorrow, will arrive from Chillicothe, Mo., where two exhibitions were given today. The big tent will be put in the old Holt pasture, north of the Wabash station.

Manila Visitor Expected.

Miss Gwyneth Wrentmore of Manila, P. I., will arrive either today or tomorrow to spend a few days with her aunt, Mrs. A. B. Allen, and her cousins, Mr. and Mrs. M. L. Beattie. Miss Wrentmore is enroute to Aurora, N. Y., where she will enter Wells College.

TOUR TO INCLUDE MISSOURI CITIES

PRESIDENT'S ITINERARY TAKES IN ST. LOUIS AND KANSAS CITY

SENATORS TRAVEL ALSO

Johnson of California Will Head the Group in a Counter-Offensive Against League of Nations

Washington, Aug. 29.—Theitinerary of President Wilson's speaking tour was made public at the White House today. It calls for his departure from Washington next Wednesday. The first speech will be made at Columbus, O., on the forenoon of September 4, at St. Louis September 5, at Kansas City on the morning of September 6, at Des Moines September 6 and 7, and at Omaha September 8.

Senate to Have a Tour, Too.

Washington, Aug. 29.—While President Wilson is on his speech-making tour, the Republican senators opposed to the ratification of the German treaty and entry of the United States into the League of Nations plan to deliver a series of addresses in various parts of the country. Senator Johnson of California will be the chief spokesman for the president's senatorial opponents. The plans are to make a drive straight through to the Pacific coast.

Resolutions to Prevent Tour.

Washington, Aug. 29.—A resoultion seeking to dissuade President Wilson from making his proposed speaking tour was introduced in the House this afternoon by Representative Todenberg of Illinois.

Would Reject Whole Treaty.

Washington, Aug. 29.—The complete rejection of the Versailles treaty was urged by Senator Knox, a member of the Senate foreign relations committee, in the Senate this afternoon.

Asks for Plain Attitude.

Washington, Aug. 29.—A clear definition of the attitude of the United States with reference to the Russian, Japanese and Silesian questions was sought today from Secretaries Lansing and Baker by the foreign relations committee of the House.

Defends Policies of Japan.

London, Aug. 29.—Japan's emigration policy and attitude toward China was defended here today by Ichizo Hottori, chairman of the Japanese delegation to Brussels for the International Parliamentary Conference. He is sure that it is Japan's sincere desire to estabilsh mose amicable relations on a mutual understanding with China.

JANITOR PROBLEM PUZZLES SCHOOL BOARD MEMBERS

As the opening of school draws nearer and nearer in Maryville, the school board finds that it has filled the local teaching positions all right, only to turn around and discover that the janitor situation isn't all that it might be. Of course, the teachers won't have to sweep out themselves or anything like that, according to George Pat Wright, secretary of the board, but with only two days to go before the opening of school there is no engineer chosen at the Washington school building, which houses the high school as well as many of the grades, and the janitors at the ward schools aren't contracted for, although it is understood that the men who held those positions last year will be back on the job.

The skilled position, that of engineer at the Washington School, won't have to be filled for a few weeks, or until the cold weather sets in. Frank Hooper, who did the work last year at a sliding scale of wages varying from $65 in the light months to $80 in the months when work was heavy, hasn't signed up, and probably won't, at the proffered wage of $75 a month flat for twelve months. This is an increase of around $6 or $7 a month, according to Dr. Jesse Miller, a member of the board.

J. E. James today was employed to act as assistant janitor for nine months, but has not signed a contract. A third man, employed irregularly, fires the furnace at night in cold weather.

As for the ward schools, William H. Frazee is expected to be back at his work at the Jefferson; C. E. Woods, at the Franklin; and H. A. Byers, at the Garfield. The Jefferson position pays $45 a month, $5 a month more than the others, because there are two furnaces there and three rooms in use, one more than at the other schools.

INDEPENDENCE TOWNSHIP ASKS FOR USE OF COUNTY TRUCKS

The board of trustees of Independence township asked permission of the county court early this afternoon to use one of the recently acquired army trucks in hauling building material and sand for some bridge construction work. The county court granted their request. It is expected that immediate use wil be made of the truck. The trucks are now in the Diss & Irby garage. Considerabel difficulty has arisen in the matter of finding experienced drivers, although the applicants for the position have been numerous.

John Rosy Dead.

John Rosy, 93 years old, an inmate of the county farm for a number of years, died this morning at 9:30 o'clock from infirmities due to old age. Burial was at 2 o'clock this afternoon in the farm cemetery. There are no surviving relatives in Maryville or Nodaway county.

No Licenses Since August 1.

County Recorder Dan R. Baker is at a loss to account fo rthe slump in farriage licenses. The last one was issued August 19, and since then there hasn't been an application. Only one more day is left to do it in August, as the court house is closed on Sunday.

Former Resident Dead.

David Knox, 75 years old, and for many years a resident of this section of the country, died a few days ago at his home in St. Joseph. His sister, Mrs. William Rains, lives five miles west of Burlington Junction. Mr. Knox is survived by his wife and five children, Bud Knox of Maryville, A. W. Knox of Nebraska, Pearl E. Knox of Colorado, Mrs. Daisy Garden of Colorado and Edward Knox of St. Joseph. Funeral services were conducted by the G. A. R. of which he was a member, and burial was made in St. Joseph.—Burlington Junction Pst.

To Start Officers as Privates.

Washington, Aug. 29.—Representative Strong of Kansas has introduced a bill in congress providing that before any person can become an officer in the United States army he must serve a year as an enlisted man with pay and equipment of rank he attains.

PRESIDENT TALKS TO LABOR LEADER

WILSON AND GOMPERS IN IMPORTANT CONFERENCE TODAY

STRIKERS GO TO WORK

California Situation Rapidly Clears Itself as Orders of Brotherhood Chiefs Are Obeyed

Washington, Aug. 29.—One of the most important conferences since the labor situation became acute takes place this afternoon between President Wilson and Gompers, presient of the American Federation of Labor, when they will discuss the general labor situation. It is expected that the entire labor crisis so far as it affects the country, will be discussed.

Director General Hines served notice last night on "public officers, railroad officers and employees, and citizens generally in California, Arizonia, and Nevada" that the railroad administration would undertake to restore full railroad service in those states on and after 7 o'clock next Saturday morn- labor crisis so fa ras it affects the do not return to work by that time, will find their places filled.

Part of Traffic Normal Again.

San Francisco, Aug. 29.—The yardmen of the railroads here returned to work in entirety today. The traffic was normal over both the San Francisco and the Oakland Mole Terminus and the Overland and northern trains.

All Quiet There by Tonight.

Los Angeles, Cal., Aug. 29.—Practically all the engineers and a big majority of the firement and conductors have accepted their orders and will return to work late today. Trains will be operating in Southern California, Nevada and Arizonia by night unless the big radical element among the brakemen and switchmen regain control of their men, according to the railroad brotherhood chiefs today.

Mystery in Chicago Poisoning.

Chicago, Aug. 29.—Several industrial workers who were active during resent attacks on a number of lunch-rooms were questioned by the police who are investigating the poisoning of thirty persons by putting arsenic in coffee urns at local restauranise. Enough arsenic was found in the coffee urns to kill scores of people, health officials declare.

Hog Market Drops Considerably.

Ham and bacon will be down within reach of the humblest pocketbook before long if the market on hogs continues to crumble as it has in the last few days. In Chicago they are expecting it to hit $15 a hundred in a da yor two; at St. Joseph yesterday the market broke, and the range was from $16.50 to $19.00 a hundred. The top reecntly was $23.40. At Kansas City today the top of the market was $19.50, with the bulk of the sales ranging from $17.50 to $19.

Prof. and Mrs. F. H. Metzler will be at home after Sept. 1 at the Lee Crossan residence on Normal avenue, where they have leased a suite of rooms.

The band concert last night was enjoyed by a large gathering of people, including many from the country. "Till We Meet Again," a bell solo by Ernest Kessler, which was repeated last night, proved to be as popular as when it was first heard a week ago. The band concerts will continue to be held on the regular night as long as the weather permits. A. P. Gaell, director of the band, says that some real surprises for music lovers is in store for the people of Maryville this winter.

Mr. and Mrs. Guy Henry and little son, LeRoy, went to Ridgeway yesterday to visit Mrs. Henry's parents, Mr. and Mrs. G. W. Crosby.

New Building for B. J.

Burlington Junction is to have a new business house. E. O. Browning has let a contract to Q. M. James for a modern structure on his lots at the corner of Main and Davis streets. The specifications call for a building 25 feet wide by 64 feet long. It will be a two-story affair and will have a basement, to be used for a heating plant and storage room. The first floor will house a cream station, which is to be run by the owner of the new building, and the Collins Oil Company. The oil company will use a space 25 by 16 feet for the construction of a modern filling and service station. The second story will be fixed up into modern living apartments for the owner and his family.

Miss Ora Barmann went to St. Joseph yesterday to visit Miss Mary Margaret McDonald.

GOMETS WILL MEET VITALA BOOSTERS HERE NEXT SUNDAY

St. Joseph Team Brings Former League Players—Stephens May Catch for the Locals

What may be the last game of the local baseball season, if the proper support fails to show up, will be played Sunday at the fairgrounds park between the Maryville Comets and the Vitala Boosters of St. Joseph. Manager Homer Black of the local team announced this morning that the game wil begin at 3 o'clock sharp, instead of at 3:30, the old starting time.

The Maryville line-up will remain practically unchanged. "Red" Stephens, who played here a while last year and ha ssince been a lieutenant in the American army overseas, probably will catch this game, as he is visiting here. Manager Black probably will divide the pitching burden with Bleuel, if a new pitcher is not obtainable.

The St. Joseph team, which has made a good record this season, is composed of players who have distinguished themselves on other teams. Most of them are graduates of other St. Joseph teams. The pitching staff is composed of Saddler, formerly of the Burlington league team, and Reynolds, who once played with Topeka of the Western league. Terry, third baseman, once held a place with the championship team of the Southern league, while Boline, center fielder, comes from the Nebraska State League.

Ed Keck of Maryville, well known as an umpire in local games, will call the balls and strikes as well as the base decisions Sunday.

MARYVILLE NAMES POPULAR IN ST. JOSEPH SCHOOL LIST

Seventeen Teachers From Here Mentioned in Assignments Made To Buildings

Former residents of Maryville and former Maryville teachers are popular in the St. Joseph schools, according to the list issued yesterday announcing the assignments to schools in that city. Seventeen familiar names are noted. The teachers and their schools in St. Joseph are as follows:

Benton High School—Fred E. Vandersloot.

Central High School—Miss Elizabeth Bentley, Miss Zila Robbins, Miss Calla E. Varner.

Lafayette High School — Robert L. Denning, principal; Miss Nellie C. Tobin.

Elementary Schools—

Benton—Miss Elizabeth Cook.

Floyd—Miss Margaret Stafford.

Garfield—Miss Eva Montgomery.

Lafayette—Miss Ella G. Hazelrigg.

Longfellow—Miss Edna Bonewitz.

Maxwell—Miss Della Nash, teacher in charge.

Musser — Miss Mamie Kane, Miss Vera Tilson.

Owen—Miss Bettie Bolen, supervising principal.

Sherwood—Miss Mayme Dooley.

Washington—Miss Myrne Converse.

YOU NEED NOT SUFFER FROM CATARRH

But You Must Drive It Out of Your Blood.

Catarrh is annoying enough when it chokes up your nostrils and air passages, causing difficult breathing and other discomforts. Real danger comes when it reaches down into your lungs.

This is why you should at once realize the importance of the proper treatment, and lose no time experimenting with worthless remedies which touch only the surface. To be rid of Catarrh, you must drive the disease germs out of your blood.

Splendid results have been reported from the use of S. S. S., which acts on the catarrh germs in the blood.

If you wish medical advice as to the treatment of your own individual case, write to Chief Medical Adviser, 42 Swift Specific Co., Atlanta, Ga.

C. F. ENRIGHT, Commissioner

I. C. UPTEGROVE, Deputy Commissioner

CITY OF JEFFERSON

August 18th, 1919.

Mr. Geo. B. Baker, President,
Real Estate Bank,
Maryville, Missouri.

Dear Sir:-

State Bank Examiner, James T. Duncan, has filed his report in this office, showing condition of your bank at the close of business August 12th, 1919.

A high standard of banking is evidenced by the report. The bank continues to enjoy a large and merited measure of success. Your notes are not questioned as to value, maturing paper has close attention and your books are properly kept, frequently verified and in balance. I also commend you for your steadfastness of purpose to keep over-drafts off your books.

The report as a whole reflects much credit on officers and directors.

Yours very truly,

C. F. Enright
Bank Commissioner.

The Copper Clad Range

If you need a new range it will pay you to get as good a one as you can buy, because it will outlast a cheap stove several times over, besides giving you satisfaction as long as you use it.

The Copper-Clad Range is one of the world's best stoves. It has been made for years and has been thoroughly tested by users all over the country. Plenty of people in your neighborhood use a Copper-Clad, and we will be glad to have you ask them what they think of it.

The Copper-Clad is just what the name says—it is line throughout with pure sheet copper between the outside iron of the stove and the asbestos inner lining, so there is absolutely no chance for moisture to collect inside the iron and rust it.

The Copper-Clad is a plain, beautiful stove, with straight "stream lines" and no "flub-dubs" to collect dirt and dust. It wipes clean like a dish, and only requires ordinary care to make it always look well.

It is economical of fuel and will burn anything. In fact, it is made right—made to do the work a good cooking range should do, and you will get your money's worth if you buy one.

The affair was in recognition of Mrs. Green's untiring work as a member of the society and a gift was presented to her.

Entertains at Bridge.

Mrs. Thomas L. Wadley entertained with informal bridge parties yesterday afternoon and this afternoon at her home on South Buchanan street. Mrs. William Symons received the favor for high score yesterday. Garden flowers were used throughout the rooms and bouquets of pink and white cosmos centered the tables. A guest this afternoon was Miss Frances Smith, who will leave Monday for San Antonio, Texas, to make her future home.

Mrs. Fred DeMoss and children Frederick and Elizabeth, returned last night from a week's visit in Guilford with Mrs. DeMoss' mother, Mrs. Mary Whiteford, who is in very poor health.

Miss Mary Lewis and Miss Mary Wallace will leave tomorrow morning for El Reno, Okla., where they will begin their second year as teachers in the public schools.

Mr. and Mrs. Guy D. Aley and son, Don Doyle, returned yesterday morning from Des Moines where they had been since Sunday attending the fair. The Des Moines papers estimated the crowd Tuesday at 75,000, and the last of the week the crowds will be larger.

FARMERS, ATTENTION!

We can insure your Ford cars for $500 aaginst fire, lightning, windstorms, cyclones, tornadoes and theft for three years for $22 and other cars in proportion. This is called the farmers policy in the biggest insurance company in the world. J. J. Heifner, "One of the Insurance Men," Room 5, over Townsend's Grocery store. 29-30

MRS. DOOLEY'S ADVICE TO WORKING GIRLS

Milwaukee, Wis.—"I wish all girls who work and suffer from functional disorders would profit by my advice and take Lydia E. Pinkham's Vegetable Compound. Before I was married, when I came home from work at night, I would be just worn out with pains which dragged me down. I took Lydia E. Pinkham's Vegetable Compound and it made me feel like a new woman. I can work from morning until night and it does not bother me, and I wish all girls who suffer as I did would try Lydia E. Pinkham's Vegetable Compound."—Mrs. H. DOOLEY, 1135 25th Street, Milwaukee, Wis.

Working girls everywhere should profit by Mrs. Dooley's experience, and instead of dragging along from day to day with life a burden, give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound a trial. It has overcome just such conditions for thousands of others, and why not for you? For special advice, write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of their 40 years experience is at your service.

THE COLLEGE PARK SCHOOL

announces the opening of its 1919-20 session for Tuesday, September 9, 1919. This school is the demonstration school of the State Teachers College and consists of a kindergarten and the eight grades of the elementary school.

The upper grades are organized on the departmental plan and the seventh and eighth grades exemplify many features of the junior high school.

There is no fee. Text-books and supplies are furnished free. Thansportation from homes accessible to paved streets is to be provided for the kidergarten and first and second grades.

Essential features:—Medical inspection, rest room in case of sickness, supervised play grounds and lunch room gymnasium work, Manual Training and Home Economics for boys and girls, experienced teachers, careful supervision, special library, individual instruction, and many others.

Application for enrollment may be telephoned to the office of the State Teachers College, phone number, 143. A limit is placed upon the number in each grade or class.

Beginnig with this year the school is essentially a part of the city system, as by agreement with the City Board of Education and the city superintendent, its enrollment and attendance will be reported monthly as any of the other ward schools of the city.

For further information see Pres. Ira Richardson of the State Teachers College.

Clothes That Are Different

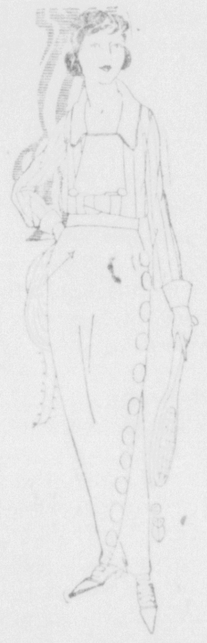
Is the only way we can describe the new arrivals in our ready-to-wear department. In buying the new fall and winter coats, suits and dresses we have been very careful to include a selection in a price range to please all of our customers, but more especially to include the prettiest styles and patterns and best fabrics.

COATS

Are beautiful styles, in long cloth and plush coats and short coats fur trimmed. We already have a good many of the line here and we want you to see them before deciding on a coat.

SUITS

Are finely tailored of the most desirable wool materials and with the little touches of art in design and trimming that make them attractive and different.



DRESSES

For fall are especially pretty and are good values, being well made of silks, tricotines, tricolettes and combination materials in exclusive styles and at prices that seem extremely reasonable for such dresses.

In fact, the showing is so nice that we cannot refrain from braging just a little about it, and we want everyone to see what we now have in stock and also the latter arrivals when they come. Our prices are generally below those of the large city stores on the same, identical garments, and for several reasons it will pay you to look at new fall and winter ready-to-wear at this store.

FURS

Today we are opening up and marking our new fall showing of furs. The line includes all the newest modes in scarfs, muffs and coatee styles Furs have almost doubled in price since we purchased our stock, but ours will be sold on the basis of the early price, giving our customers the benefit of our usual good values in this line.

Fur styles this season are adapted to wear with the new serge dresses making a most modish and desirable combination for early fall wear.

D. R. Eversole & Son

Braniger Family Back Home.

Mr. and Mrs. R. S. Braniger returned last night from a visit at Cambridge, O., and many other points near that place. Mr. Braniger was away three weeks, while Mrs. Braniger has been gone two months. Mr. Braniger says the crops are looking fine back in that section of the country and they had the best corn he has ever seen. Their son, Dr. E. C. Braniger, returned Wednesday night from a few weeks trip to points in Wyoming.

Leffler Funeral Tomorrow.

Funeral services for James Leffler, who died yesterday morning at the home of his daughter, Mrs. Elihu Shell, northwest of Maryville, will be held at 11 o'clock Saturday morning at the Christian church in Wilcox. Rev. S. D. Harlan of Graham will be in charge of the services. Burial will be in the Wilcox cemetery. All of the out-of-town children are here for the funeral.

Protect your Barn with Cooks Prairie red Barn Paint. Gaugh & Evans. tf

To Preach at White Cloud.

Rev. W. C. Ferguson, pastor of the Maryville Baptist church, will preach at the White Cloud Baptist church at 3 o'clock Sunday afternoon.

Miss Eleanor Smith returned this noon from Oklahoma City, Okla., where she spent two weeks with her sister, Mrs. C. Edward Sturm, and Miss Bernice Rice.

Phipps Family Moves Here.

Mrs. Leo M. Phipps and sons of Grant City are moving to Maryville, where they expect to live until the boys have completed a course in the State Teachers College. Her husband, Leo M. Phipps, who died a few months ago, was a member of the board of regents of the College.

Mrs. Hosick Holmes and children, Max and Hosick, Jr., who have been visiting relatives here for several weeks, will leave tomorrow evening for Omaha, Nebr., to join Mr. Holmes, who has located there. They will be accompanied to Omaha by Mr. Holmes' mother, Mrs. O. L. Holmes, who will be their guest for a few days.

Miss Dora Carpenter left yesterday morning for Watertown, S. Dak., to resume her work as supervisor of foode and sewing in the high school.

Terms—Cash or 8 per cent bankable note.

S. H. KEMP, Executor
R. P. Hosmer, Auctioneer.

Stop and Think

For one moment why you stay in the East, and pay big interest or high rent when you can go west and soon own a farm of you own.

The West offers greater opportunities to any man than the East and especially to the poor man or man of reasonable means. I started in this land business last fall and have made a success of it by doing an honest business and by selling on reasonable commissions. My business has grown until I have had to have a partner, so Mr. Newt Morgan of Parnell, Mo., is going in with me. I have sold three thousand six hundred acres of land; have just closed a deal on one thousand and fifty acres at forty-five thousand dollors.

This has been the dryest year ever known to the oldest settlers and yet it is wonderful to see what crops we have raised. Most of the corn will make 20 to 30 bushels to the acre. We have had plenty of rain since the third of July and all late crops will be good. I am located at Carpenter, Wyo., in the southeastern corner of the State and have lots of land listed with me for sale now. I have farms of all sizes from one hundred acre farms to five thousand acre ranches and I know I can save any man money that wants to buy a farm or ranch. So don't fail to see me before buying. I have sold eleven thousand six hundred dollars worth of hogs since last October. I fattened them from the corn that I raised last year on one hundred and thrity-five acres. My last car load of sixty-two head brought four thousand and two dollars. I now have nine hundred and sixty acres of land. When I left Maryville, Mo., three years ago last October I was not worth five hundred dollars, today I am worth at least twelve thousand dollars. Now judge for yourself whether this is a good country to make money in or not.

For further information write us at Carpenter, Wyo.
